Dear devotee of Lord Muruga and friend,

Would you believe that it has been twenty five years since our Murugan Temple became a spiritual treasure for us in the metropolitan Washington DC area? Our temple of worship attracts thousands of devotees of Lord Murugan each year. As we look back, we are blessed that we could sustain MTNA through your generous support so far and leave a rich legacy to the devotees and their children. As we look forward, continued support from you and second generation Indian-Americans of Hindu faith who are just beginning their career and life are vital to the growth and maintenance of Murugan Temple.

This is why we're writing with this special invitation to actively participate in shaping the future of our Murugan Temple. We are excited to share with you our plans for a major Temple Expansion project. This project includes, among other things, construction of Rajagopuram, North and South Gopurams, a kitchen, a library, reading rooms, office spaces, entrance architecture and other needed structural improvements. As you can easily imagine, the project is a serious financial undertaking for MTNA. Your support is absolutely crucial to the project's planning and success.

Our goal is to collect at least one million dollars before we can launch the construction project in fall 2008 with the anticipated date of completion of the Rajagopuram by May-June 2010. We cannot contemplate this huge project without your moral and financial support. We cordially invite you to attend the MTNA Annual Fundraising event which includes entertainment and catered dinner on Saturday, December 1, 2007 at the temple premises.

May we suggest that you contact your friends who are devotees of Lord Murugan and perhaps come up with a plan to set a target amount this year and work toward realizing it by the end of December 2007? This is one way you can take an active role in promoting the cause of our Murugan Temple; your participation will allow us to expand the much-needed financial base beyond what we have at the present time.

We need your generous support today! Won't you consider making a substantial contribution this year, which is tax-deductible to the extent allowable by current IRS regulations? Let us know what your financial contribution will be for 2007 and what you are willing to pledge or give for the Rajagopuram project each year for the next few years. Please see the attached pledge form for your convenience and use. You can also directly donate using your favorite credit card and the MTNA's secure online donation system, by accessing www.murugantemple.org.

Thank you in advance for your hearty support.

May Lord Murugan shower His blessings on you and your family!

Sincerely,
Board of Trustees

May Lord Murugan shower his blessings on you and your family!
